

WALK TWO

Aston Cantlow to Newnham circular

Leave Aston Cantlow by Bearley road and 200 yards past the last bungalow on the right, turn right, just before Homelea Farm. Keep the hedge on your left and just past the house go through a gap in the hedge and over a footbridge.

Keep the hedge on your left and after two and a bit fields you will meet a road at a bend. Keep straight on up the road and over the brow. Turn right into the farm entrance then take the footpath indicated on the left. Follow the path for about half a mile until you get to Newnham.

Walk through Newnham and, just after the notice board on the right, turn right. Follow the footpath ahead for about a mile, passing the old disused quarry as you go, until you meet the road near Aston Holdings. Turn right onto this road, and in 200 yards cross the road at the T-junction, into the field opposite. In 50 yards bear left and keeping the hedge on your right, walk up to the road (Wood Lane).

Turn right along the road and in half a mile take the footpath indicated on the right. Follow this path due north for half a mile until another road is met. Cross this road and follow the path opposite. This path goes across the middle of a field to a footbridge, which eventually takes you, via the Churchyard, out into the Village beside the pub.
